

LEADERSHIP OF COL. ROOSEVELT

Result of Fight in New York Senate Most Positive Refusal to Accept It.

COBB BILL WENT TO DEFEAT

Killed After Amendments Proposed by N. Y. County Committee and Ex-president Were Incorporated.

Albany, N. Y., July 1.—In swift and emphatic fashion the senate fell in line with the assembly today and sent the Cobb direct nomination bill down to defeat. The final vote was 25 ayes to 19 noes, seven Republicans combining with the Democrats against the bill. Twenty-five votes were necessary to pass the bill.

The bill was killed after the amendment proposed by Lloyd C. Griscom, chairman of the New York county Republican committee, and endorsed by Theodore Roosevelt had been incorporated in the measure by a vote of 21 to 21. An emergency message from the governor made it possible for the senate to vote on the amended measure at today's session.

The result of the fight in the senate was even more positive refusal to accept Theodore Roosevelt's leadership in the matter than that of the assembly yesterday.

The progressive inheritance tax as amended and passed by the assembly was defeated by a vote of 28 to 4 and the bill providing for an appropriation of \$25,000 for the expenses of the extraordinary session was passed in both houses.

The direct tax bill failed of enactment. Having been advanced to third reading in the assembly it was sent to the revision committee. The measure was not considered in the senate nor did the Grady-Frieble Democratic direct primary bill come to a vote.

The members of the legislative correction committee were appointed by the president of the senate and the speaker of the assembly.

Committees from both houses appointed to wait on the governor having reported that the executive had no further communication the assembly adjourned on the motion of Leader Merritt at 1:30 and one minute later the senate session came to an end.

Col. Roosevelt left Boston for New York on the 1 p.m. train from the Back Bay station. He declined to comment on the New York political situation, or Jack Gleason's invitation to attend the big fight.

HOUSES OF FOREIGN MINERS DYNAMITED

Greensburg, Pa., July 1.—The West Moreland coal district which is in the throes of a miners' strike was the scene of more violence today at Exeter when the houses of two foreign miners were dynamited.

Late last night marching strikers fired into the barracks of deputy sheriffs guarding the property of the Fort Palmer mines. One was injured.

The strike is in its second month and is the outcome of an attempt to unite the mine.

Washington, July 1.—Secy. MacVeagh sent to Richard Purr, the New York customs deputy, a treasury warrant for \$20,000 in part payment of the award to him of \$100,000 for his vigilance in detecting sugar underweighting frauds at New York. For the remaining \$80,000 the secretary will ask Congress to make a special appropriation.

CAN'T PREVENT CARICATURE OF JEWS

Charlevoix, Mich., July 1.—That individual endeavor to eliminate from the stage the caricature of the Jew has proved futile, the conclusion given here today by the central conference of American rabbis now in session here, in a report of the committee on church and state, which William S. Friedman of Denver has submitted.

The report says that the committee has entered into correspondence with the New York Managers' association and has been assured that the managers have no sympathy with the lampooning of the Jew on the stage.

Last night while on his way home from a meeting of council, he passed a company of hazers marching along Market street with a newly married couple at the head of the line. Calling up police headquarters, he summoned a policeman, broke up the parade of the hazers, rescued the bride and bridegroom and sent them home in a carriage. Then he issued the following edict:

"Marriage is no farce and must not be treated as such. In the future, so long as I am the chief executive of Chester, there shall be no permits issued for parades or public demonstrations that will have a tendency to annoy married couples.

"Such matters should not be treated lightly."

However, difficulties in the way of forming a new ministry prevented themselves and at the request of his majesty the ministers retained their portfolios for the time being.

ANIMALS FLEE FROM FLAMES

Little Lakes Literally Alive With Moose Seeking Safety From Devouring Element.

Winnipeg, Man., July 1.—Bush fires last night invaded the towns of Devlin and LaValle in the Rainy river district of Ontario, although hundreds of settlers and railway men tried to fight them off.

At Devlin, the Canadian Northern railway depot, the Ontario hotel, Cook's saw mill, stores and houses were destroyed. The fires jumped the Rainy river from the American side at Emo, Ont., and are now burning fiercely east of there.

"Unless rain comes, the timber in the entire district will be burned."

Hundreds of settlers have lost all their property.

The manager of the Rat Portage Lumber company of Winnipeg today estimated the company's loss by bush fires in the Rainy river district at more than \$2,000,000. The Atikamegon Lumber company's mill at Atikamegon, Ont., and the steamship Majestic on Rainy river, were destroyed yesterday.

The little lakes are alive with moose. Reports from Port William are that the town of Stanley and the settlement of Silver Mountain are in grave danger, the settlers having been fighting fires around there for 18 hours.

RUTHENIAN AND POLISH STUDENTS IN BIG CLASH

Lemberg, Austria, July 1.—The two groups of Ruthenian and Polish students of the University of Lemberg clashed again today and before the police had separated the combatants many officials and students had been seriously wounded.

The feud, born of racial jealousy, is as old as the university itself, and periodical fights have occurred. For some time the bitter feelings have been held in bounds by the university authorities, but this morning they broke out with renewed fury and led to a fierce battle for the possession of the camp.

Hundreds of students were involved. Many of them were armed with revolvers and these were used freely. When the firing began, a strong force of police was summoned and the fight became a three-cornered affair. The officers finally succeeded in driving the students to cover. Broken heads were the rule but in numerous instances injuries of a grave nature were found to have been inflicted.

The arbitrators appointed by the parties to the controversy are A. W. Sloan, general manager of the Missouri Pacific railway on behalf of the company, and Frank J. Ryan of the board of railroad commissioners of Kansas, on behalf of the Order of Railroad Telegraphers.

The first meeting of the board will be held in the Federal building in St. Louis on July 15.

SERIOUS LABOR SITUATION THREATENED

Washington, July 1.—Demands of the conductors and other trainmen on the railways in the southeastern territory directly involving about 10,000 men, may develop a serious labor disturbance within the next 24 hours.

For 15 days the mediators under the Interstate commerce commission and Dr. C. P. Neill, commissioner of labor, have been laboring with the general managers committee of the roads and with the representatives of the men to bring about an adjustment. Thus far their efforts have been practically unavailing.

The men have voted to strike unless their demands for increased wages and better labor conditions are granted.

RATE DECISION TOPIC OF INTEREST

Chicago Profits to Remarkable Extent by Sweeping Reduction in Rates.

RAILROADS NOT SO HARD HIT

J. C. Stubbs of Harriman Lines Says Roads Will Be Able to Survive All Right.

Chicago, July 1.—Copies of the interstate commerce commission's decisions in the Pacific coast rate cases prescribing sweeping reductions in rates to the western states were received here yesterday and furnished the principal topic of interest during the day through the railroad officers and among the shippers.

An examination of the retail rate figures showed that Chicago business will benefit to a remarkable extent in the reduction of rates which apply from here. Railroad officials declared that while the effects on their revenue will be great, they probably will be less drastic than expected.

ROADS WILL SURVIVE.

"They are not so bad as expected," said J. B. Stubbs of the Harriman lines. "I thought from the first reports they had stuck in the knife and turned it around but I believe we shall be able to survive all right. It is impossible to make any estimate as to the effect on the revenues. Many of the orders are not positive especially as to the commodities rates which carry the bulk of the traffic and the commission has directed that the roads keep a record during the summer to show the effect of their rates before putting them into effect."

ALIEN IMMIGRANTS ADMITTED IN 1910

Washington, July 1.—An estimate that the total number of immigrant aliens admitted at all ports of the United States during the last fiscal year reached 1,085,545 was made by Commissioner General Keefe today. This is an increase of 238,759 over the number admitted last year.

The non-immigrant aliens admitted, that is, those coming to the United States temporarily, only reached 145,421, which is a falling off of 47,928, while the total number of all persons debarred during the year was 24,250. Last year only 11,600 were debarred.

The remarkable increase in the number of those debarred is looked on from differing standpoints among immigration officials. Some claim that the class of immigrants is not so high as it was a year ago.

COBB BILL AMENDED AND THEN DEFEATED

Albany, N. Y., July 1.—After incorporating the Griscam amendments to the Cobb direct nomination bill, the senate today defeated the measure by a vote of 25 to 19.

FRAU VON SCHOENBECK WEBER ATTEMPTS SUICIDE

Allenstein, East Prussia, July 1.—Frau Von Schoenbeck Weber, who has been on trial for a month, charged with the murder of her husband, an army officer, attempted suicide today by opening the veins of the wrist. The wounds were serious, but the physicians hope to save her life.

Maj. von Schoenbeck was killed on Christmas eve, 1908, by Capt. von Goeben, who subsequently confessed, saying he had been infatuated with the woman and by her influence to murder the husband. The captain afterwards took his own life.

Shortly before her trial, which opened on June 6, Frau von Schoenbeck was published a story in the local press that she had confessed to the crime in a letter to her husband. During the criminal proceedings the accused exhibited signs of insanity and her mental state has been made the subject of the special inquiry. The case has excited national interest because it brought into prominence the social condition existing at the time in this and other cities of Germany.

CONTEMPT CASE CONTINUED.

On Showing of Herald-Republican Attorney Trial Goes Over a Week.

On the promise that the paper would be published for one week and not publish any more confessions to retard the progress of the court in procuring a jury, Judge T. D. Lewis granted a continuance of one week in the Herald-Republican contempt case this morning at the request of Thorne E. Booth its attorney. Mr. Booth evidently desired to get his argument into shape, but the court refused to grant his request until he would promise that the Herald-Republican would not be guilty of any more alleged indiscretions.

On March 21 immediately after the murder of George W. Fassel by Riley and Thorne at one of the papers in the case published Thorne's confession and the unsigned confession of Riley. The case with its sensational capture attracted much attention at the time; and therefore when it became necessary to procure a jury for the trial of Riley it was found that most of the venire had read newspaper accounts which usually caused such opinions that they were disqualified as jurors. While talesmen were being summoned, however, The Herald-Republican republished the confession of Thorne on the morning of June 14. On motion of the district attorney, citation for contempt was issued from the court. Riley was convicted last week of murder in the first degree.

This week the selection of jurors for the trial of young Thorne was commenced; and in spite of the warning paper once more republished the confession of Thorne when only one or two jurors had been secured. This was deemed to be a defiance of the court; and citation was issued on both counts.

RUN DOWN BY AUTO.

James Steinbacher Crashes Into the Pavement When Car Hits Him.

An auto accident in which James Steinbacher, an independent messenger, narrowly escaped serious injury, happened this afternoon at the corner of State and Fourth South streets. An automobile driven by W. H. March, a contractor, was moving at a fast clip down Fourth South street and Steinbacher was riding at a messenger boy pace down State street. Owing to the presence of a wagon, neither the auto nor the boy saw the danger ahead, and both met with some force at the intersection of the streets. The automobile was not damaged, but the boy and his wheel are both in need of repairs. The boy's injuries were dressed at the emergency hospital at the police station.

MOTHER NOW SEEKS BABY SHE GAVE UP

Mrs. Lucian Rosenbaum to Institute Habeas Corpus Proceedings.

Having waived all rights over her baby boy and having permitted its legal adoption on May 16, Mrs. Lucian Rosenbaum is now causing quite a furor in an endeavor to recover her child in habeas corpus proceedings which she intends to commence against Mrs. A. L. Young of the juvenile court and anyone whom she believes might know where the child is.

Mrs. Rosenbaum insists that a concerted effort is being made to keep from her whereabouts of the child. She says that previous to her birth, she and her husband, who works at the Log Cabin bar, had a quarrel; and as the people from whom she was renting a room upon the corner, believing that she signed the paper not knowing what she was doing.
